Shower system with pressure balanced thermostatic mixer, diverter in handle. Adjustable in height. Extra hand shower included (Note - only applies to chrome surface).

Crafted with precision and built to last, Tapwell showers boast top-tier materials and advanced engineering. Enjoy intuitive controls that put you in command of your shower, creating a personalized experience that caters to your preferences.

Cleaning

Wipe the surface with a soft cloth and lukewarm water and possibly with soap solution. Avoid alkaline, acid-liming or abrasive cleaners.

Brass is a material that over time gets a beautiful patina but can be polished with brass polish. Copper also gets patina but should not be polished. The other shiny surfaces retain their luster.

Decalcification

Aerators and shower handles should be regularly decalcified by placing them in a vinegar bath for a couple of hours. Should limescale stains occur, use eucalyptus oil and a soft cloth.

Lubrication

Lubricate only with silicone grease.

Maintenance

Visit our [YouTube channel](#) → where there are instructional videos for changing the ceramic cartridge, changing aerators and more.

Specifications

Connection inlet - Internal thread
Number of grips - One grip
Number of outgoing connections - 2
Dimension inlet - M26x1,5
Dimension outlet - 3/4 inch
Built in - No
Length protrusion outlet head - 380 mm
Max flow - 0,16L/S
Placement outlet - Down, Up
Turnable head - No
Temperature limitation - Yes
Temperature control - Yes
Thermostat - Yes
Pressure controlled - Yes

Classification energy - B

Dimensions/Weight

Adjustable height - Yes
Length hose - 1500 mm
Product - Width - 302 mm
Product - Depth - 505 mm
Product - Height - 1225 mm
Diameter ceiling shower head - 250 mm
Total building height - 1225 mm
