

Moodnook Partner Programme

Do you design interiors, create furniture, run a showroom or deliver projects for private and investment clients? We invite you to work with Moodnook — a place where you can conveniently source the details, lighting and furnishings for an entire project.

Moodnook was created for people who shape spaces with care for every detail. We offer carefully selected premium products, European craftsmanship, a coherent style and a wide range of interior furnishings in one place.

The Partner Programme is built on simple principles: no contracts, no turnover thresholds and no unnecessary formalities. Simply create an account, complete verification and receive active Partner status.

01 Who is the Partner Programme for?

We invite architects, interior designers, furniture manufacturers, joiners, showrooms, design studios and companies delivering private and commercial spaces to join the programme.

It is designed for Partners who want access to carefully curated premium products, stylistically coherent collections and a broad range of interior furnishings in one place. The programme works well for those who partner with clients on both a complete interior concept and the individual details that complete a project.

Moodnook is equally suited to single projects and larger developments, where aesthetics, availability, a convenient online catalogue and the ability to quickly show clients the current offer all matter.

Architects & designers

Convenient access to products that can be quickly matched to a concept and presented to the client.

Joiners & furniture makers

Details, handles and accessories that elevate the finished result and help a project stand out.

Showrooms & studios

The ability to build displays and show clients real colours, textures and finishes.

02 How to become our Partner?

Joining the programme is simple and requires no contract. The cooperation is flexible, fast and convenient in everyday design and sales work.

All it takes is registering an account, contacting our team and activating Partner status after verification.

- 1 Create an account at moodnook.com.
- 2 Write to us at partner@moodnook.com to let us know you'd like to join the Partner Programme.
- 3 Provide the e-mail address used to create the account. After verification we will grant you Partner status.

Important: please keep your login details safe and share them with the people responsible for placing orders in your company.

Create an account

03 Programme benefits

The Moodnook Partner Programme is built on simple, transparent principles. Partners receive a standing discount once their account is activated — with no turnover thresholds and no additional conditions. This makes the cooperation predictable and easy to factor into everyday design, purchasing and sales work.

Beyond the purchasing discount, Partners can benefit from a commission programme, a discount on display products and support in promoting their projects.

Standing 20% discount

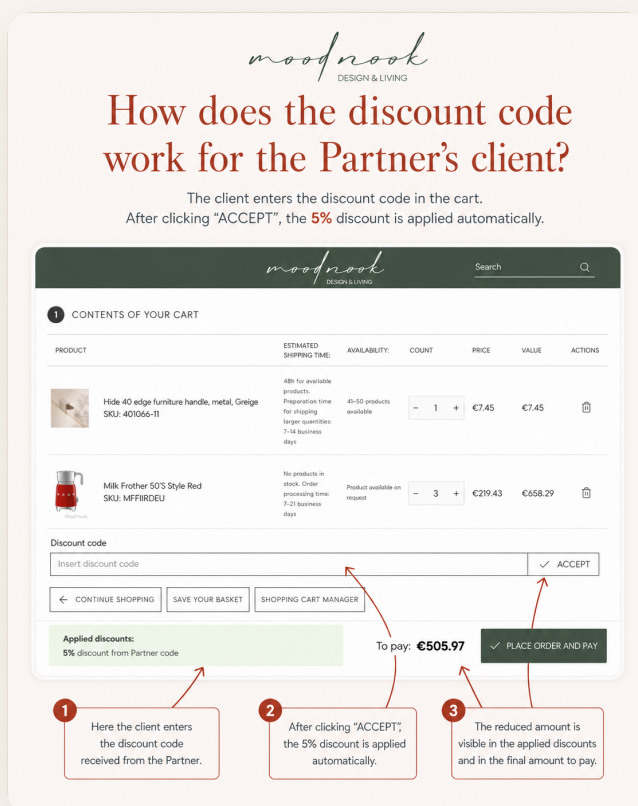

Every positively verified Partner receives a standing 20% discount. It is active once the account is registered and Partner status is granted.

40% display discount

Partners can use a one-off 40% discount to purchase products intended for display or as samples.

5% / 10% programme

A Partner can share an individual discount code with a client. The client receives a 5% discount, and the Partner receives a 10% commission on the order.

How does the commission work?

- 1 The Partner shares an individual discount code with a retail client.
- 2 The client creates an account or logs in, places an order and enters the discount code in the cart.
- 3 The client receives a 5% discount, and the Partner receives a 10% commission on the order value.
- 4 At the end of the month we send a summary of orders and the commission due.
- 5 The commission is paid out on the basis of an issued VAT invoice or bill.

Commission is calculated only for orders that used the Partner's discount code. If the client does not use the code, no commission is charged. Discount codes work only after logging in or registering an account. If the entire order is returned, no commission is due. For a partial return, commission is calculated only for the products that were not returned.

04 Marketing support and promotion

At Moodnook we value beautiful projects and love to show how our products look in real interiors. That's why we also support Partners in building visibility and recognition among end clients.

- We can promote Partners' projects across our channels, including social media, our website and the inspiration section.
- Partners can send us photos of projects featuring our products. We're happy to publish them and credit the author of the project.
- We also share Partners' materials as stories and reels, supporting mutual promotion.
- We regularly receive enquiries about recommended designers and architects, so we actively recommend our Partners.
- We help build a Partner's visibility and recognition among end clients and the interiors industry.

Completed a project with our products? We'd love you to send us photos or tag your project with @moodnook.

05 Product availability

On our website you can order products even when their current stock level is 0. This means a product can be added to the cart and ordered, with fulfilment following the delivery schedule.

Many models are in stock and ready to ship, while products sourced or made to order are fulfilled in line with the timelines of our manufacturers and workshops. Some products are made in European workshops, which gives them a unique character, texture and finish.

More information: [What is the availability of the product? →](#)

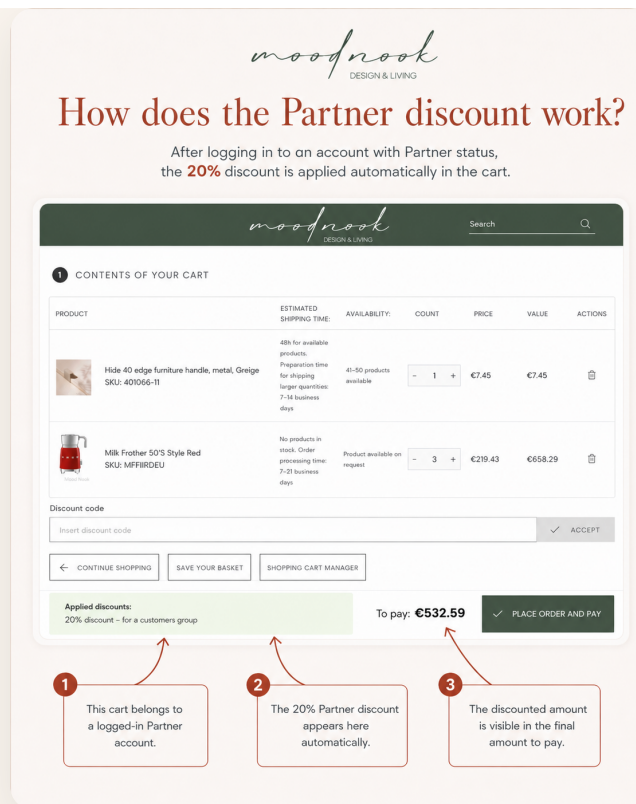

06 Delivery and shipping cost

We handle deliveries in cooperation with trusted courier companies, ensuring safe transport of every order.

- Free delivery applies above a defined order value.
- The delivery cost depends on the destination country, the order value and the chosen shipping method.
- Current delivery costs are shown in the cart during checkout.
- For larger orders or project deliveries, we encourage you to contact our team.

07 How to place orders?

Orders should be placed directly through the website. This way discounts are applied automatically and the order is correctly assigned to the Partner account.

We do not accept orders placed by e-mail, phone or messaging apps, because only online orders keep prices, discounts, invoicing details and commission settlements accurate.

A proforma invoice is issued automatically once the required details are entered during checkout. Prices shown on the website are retail prices, and the Partner discount is applied after logging in to an account with Partner status. A convenient online catalogue and filters help you quickly select products for a project without leafing through multi-page catalogues.

08 Catalogues and price lists

Our website is the most up-to-date product catalogue. The offer is constantly growing, so prices, availability and product variants are best checked online.

The online catalogue is always available and current, which makes presenting products to clients easy. A clear shop layout and filters help you quickly find the right models without relying on outdated PDF catalogues.

Partner prices are calculated as retail prices reduced by the current discount assigned to the Partner account. The Partner discount is applied automatically at checkout and shown in the cart summary after logging in to an account with Partner status.

09 Display stands and sample sets

We want our Partners to be able to present products to clients comfortably and show their real texture, colour and finish. We also help select bestsellers, samples and products that work well in showrooms, design studios and client displays. A one-off 40% discount applies to products purchased for display.

Important: before placing a display order, please contact us to arrange the details and receive a discount code.

IO Returns

Partners can return ordered products within 2 months of receiving the order. The extended return window makes purchasing decisions safer, especially for larger projects and consultations with end clients.

It gives you more time to assess a product, compare finishes and calmly match details to a project. If an entire order is returned, no commission from the discount-code programme is due. If a client returns part of an order, commission is calculated only for the products that were not returned.

Detailed return instructions: [How to return an order →](#)

II Contact

We care about fast, smooth communication. We provide support with registration, placing orders, selecting products, displays and explaining the programme's rules.

E-mail

partner@moodnook.com

Website chat

You'll find the chat in the bottom-right corner of the website.

Partner support

Once Partner status is granted, we'll help you place orders and explain the programme's rules.

Let's start working together

Join the Partner Programme and gain a standing discount, the option of referral commission, support with displays and access to an up-to-date product catalogue.

Create an account, write to us and provide the e-mail address used during registration. After verification we'll grant Partner status and activate the discount on your account.
